

CERTIFICATE OF ANALYSIS

Report number: M35-2503001

Name of material	Cerebrolysin	Lot number	M35-250301
Quantity	75kg	Date of manufacture	2025.03.05
Specifications	25kg/ piece	Report date	2025.03.16
CAS number	12656-61-0	Re-examination period	2028.03.04

INSPECTING ITEM

STANDARD

RESULTS

Appearance

Pale yellow to brownish yellow powder or lumps

Pale yellow to brownish yellow powder

Identification 1

Add a few drops of indandione solution and heat the solution to blue-purple color

Conform

Identification 2

Add double urea test solution and show purplish red

Conform

Identification 3

The chromatogram of the test solution was similar to that of the control solution
The degree shall not be less than 0.8

Conform

PH

5.0~7.0

5.4

Protein

The solution shall not be turbid

Conform

Loss on drying

≤4.0%

3.6

Ignited residue

≤7.5%

6.3

Heavy metals (in pb)

≤20ppm

Conform

Total nitrogen

80mg~100mg/g

87mg/g

Amino nitrogen

32mg~50mg/g

35mg/g

Peptide

40mg~80mg/g

45mg/g

Conclusion: The product was tested according to the inspection standard QS-FP-M35-001-00, and the results were in line with the regulations.
